

# Chart briefing and safety advices

# General safety

Dream Yacht Charter and Seychelles Government do not allow the night sailing with hire craft.

Look nautical documents to prepare the navigation trip. Use the GPS with caution.

In case of problem → contact the most close base by phone.

Communication between boats → on VHF channel 72 and 16 for safety messages and listening watch.

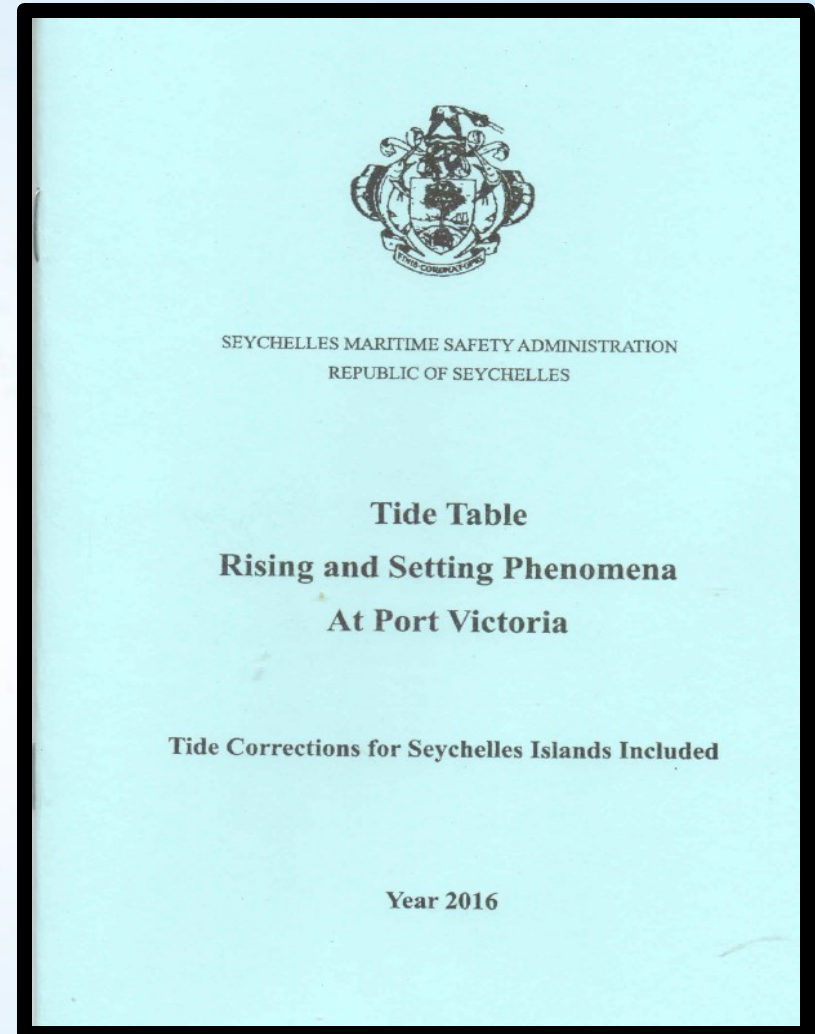

# Tide

Average tide is 1,40 meters

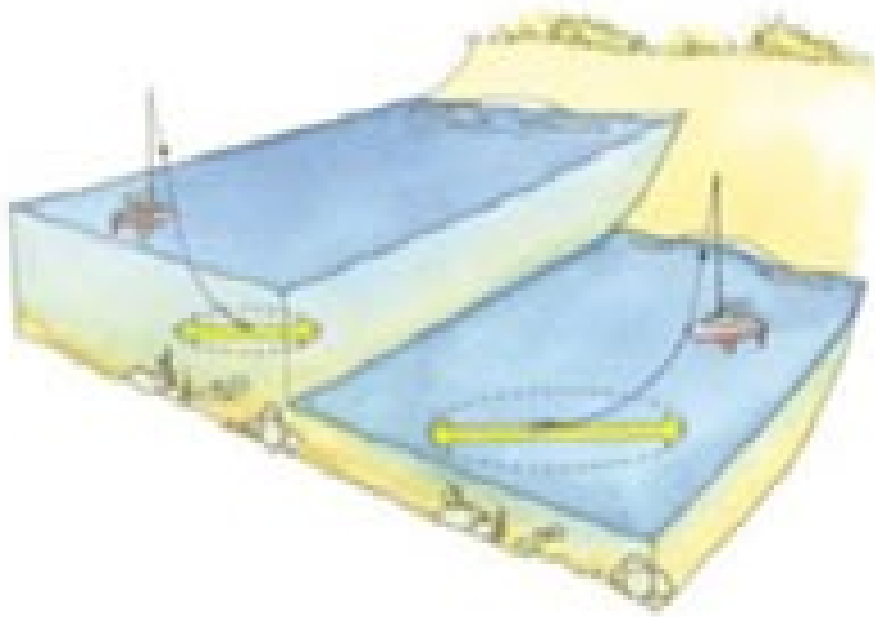

6 hours intervals

Advices:

- Check depth sounder calibration
- Never sails in less than 5 meters of depth

# Anchorage

High water

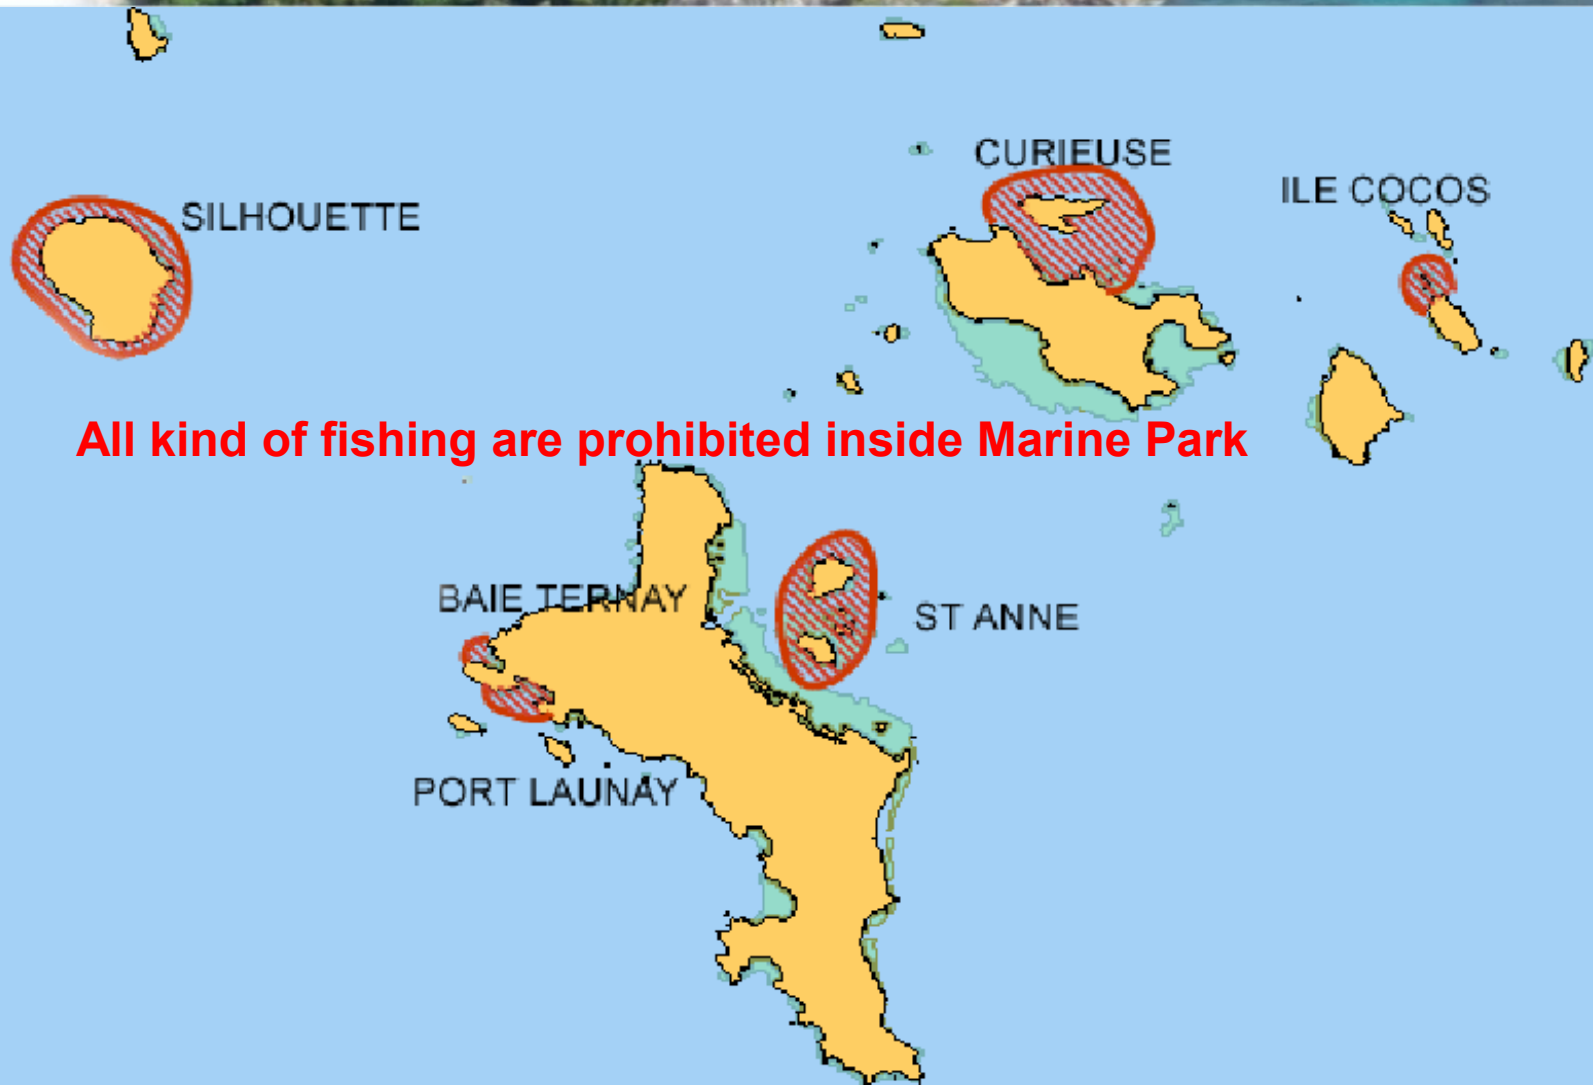

Low water

The good choice of your mooring spot depends of:

1. Weather
2. The depth
3. Your swing circle

**In less than 5 meters  
depth = Bad anchorage**

# Silhouette

# Silhouette

**Silhouette Island is 12 n.miles from Mahé**

**To visit the island a permit should be asked by our customer service to the IDC office in Victoria.**

**Landing fee 20 € per person**

**The best anchorage is Anse Lascar  
In strong wind conditions, the swell tends to sweep rounds the island, and the mooring can be uncomfortable.**

**For serious walkers, two paths through equatorial forest, link La Pass to Anse Mondon and Grande Barbe**

# End of your cruise

Do not forget to refill the fuel of the boat and of the dinghy the day before.
