One tool, four functions: Cutting, stripping, twisting and crimping

The CRIMPFOX 4 in 1 multifunctional crimping pliers allows you to handle conductors and ferrules quickly and easily with time savings of up to 30%. Using only one tool, you can implement various work steps: cutting, stripping, twisting and crimping. An effective handling process enables all steps to be performed without putting the tool down.

Equipped with a 4-stage pressure lock, the pliers provide consistently high-quality crimping. The cross section can be conveniently changed from 0.5 mm² to 2.5 mm² in a matter of seconds by replacing the ferrule magazine which is loaded with taped products.
